Immediate Prayer Request From The Forgotten Africa
March 2009

Greetings!

Deborah and I covet your prayers as I will be having a knee replacement Wednesday, March 11th, at 4:00 pm (2:00 pm US Central Time).

We are in Sao Paulo and have completed a series of tests that have confirmed my need for an immediate operation. My knee specialist, Dr. Moses Cohen, is considered one of the best in South America and I will be in one of the best hospitals in South America also. My hospital stay will be five to seven days and I'll have two weeks of intensive therapy here in Sao Paulo before returning to our city for more. We thank you so much for praying!

Wishing You His Best,

Keith and Deb Jefferson
