Update on Keith's Knee Replacement

Keith: keithjeff@live.com

Deborah: debjeanmorgan@msn.com

Greetings!

Thanks to those of you who asked the Lord for health mercies during and after Keith's knee replacement surgery last week.

Read below for more details from Deborah:

Exerpt from Latest Email

from Deborah

"Keith is doing fine. He is walking on a walker and on his crutches today. We are leaving the hospital here in just a little bit. We have had several visits from our missionary colleagues. The knee looks good with about 25 stiches. His more intensive physical therapy starts tomorrow, every day. He is in good spirits and has witnessed to everyone who has come in the room. So many have told us we were not here just for his knee but for him to share the words we have shared with them."

Please refer to the Jefferson's website for further updates on Keith's recovery, and other pieces of news. We will send another full newsletter in several months. <http://theforgottenafrica.org/>

Hebrews 10:23

"Let us hold unwaveringly to the hope we profess, for he who promised is faithful."
